

Company Overview

Over 20,000 installations

Aldelo Systems has helped thousands of restaurants manage their POS & store operations more effectively over the years. With over 20,000 installations and over 350 value added resellers around the world, Aldelo Systems has both the experience and resources to handle Restaurant POS automation projects of any size.

Low cost, feature rich and easy to use

Aldelo Systems' advanced Restaurant POS solution is low cost, feature rich and easy to use. 100% touch operated POS, multilingual user interface, gift card management, frequent diner program, house accounts, VIP discounts, reservations, waiting list, guest paging, Caller ID, MapPoint integration, labor scheduling, time card tracking, recipe control, inventory management, integrated credit card processing and much more are standard in our solution

Add on features enhance functionality

Aldelo Systems also offers add on solutions to enhance the functionality of our core POS application. These add on solutions expand our feature set by offering integrated finger-print security, wireless handheld ordering, kitchen display integration, hotel room charge integration, web order integration and much more.

World class technical support

Aldelo Systems delivers more than just great restaurant POS & management solutions. We also provide world class customer service. Our technical support department is staffed with qualified engineers to provide 7 days a week, extended hour support. We also use Microsoft® Livemeeting to rapidly resolve any issues that our customers may experience.

State of the Art & Designed for Windows® XP

Aldelo Systems is a Microsoft® Certified Partner, and our core application Aldelo For Restaurants carries the "Designed For Windows® XP" logo since 2003. We staff qualified R&D engineers to produce software projects using a wide array of industry standard development technologies such as the Microsoft® .NET, ASP.NET Web Services, XML, SOAP, Microsoft® SQL Server, Microsoft® Visual Basic 6, Microsoft® Access 2003.

A complete package with a significant ROI

When you choose Aldelo Systems as your restaurant POS provider, you will receive a state of art restaurant management solution, world class customer service and a complete package at a price point significantly less than other comparable products on the market.
